- **Who does the Champions for Children Holiday Tree serve?**

  - The families must be **active** participants in their programs and children aged newborn – 12 years old.
- **How could this Holiday Tree model work with a large group or office?**
  - There are many options for a group. Our families could be sponsored by your business, teams within the office, or on an individual basis. There is flexibility in this model to fit your groups' needs.
  - If your group or business is interested in sponsoring families, reach out to [community@cfctb.org](mailto:community@cfctb.org) for additional information and logistical assistance.
- **How many families can I (or my group) adopt?**
  - There is no limit to the number of families you or your group can adopt.

- **How will I know what to buy? How much am I expected to spend per child in the household?**
  - Our staff have been working to obtain specific wish lists for each child. We ask that you stick to the family's wish list and not purchase additional gifts.
  - If you wish to add something, please feel free to include one small stocking stuffer item per child (approx. \$5 or less).
  - **If you have a big heart and want to do more, we encourage you to sponsor another family!**
- **How many gifts am I expected to provide per child in the household?**
  - We do not have a set number of gifts each child will receive, but we ask that donors do their best to keep it the same across all the children in the household so that one child does not receiving more or fewer gifts than their siblings.
